

# EZE-FEEDER

By 

*The convenient and efficient way to range or bunk feed your rolled grain or pellets. The round design with no corners on the cone ensure clean-out, and the epoxy coated interior is ready for high salt and mineral supplements. Two models to choose from ... a '70 Bushel Model' or a '45 Bushel Model'.*

The 70 Bus. Model or the 45 Bus. Model can be used in your pick-up or use the adjustable skids to fit your bale prongs. Comes with a 12 volt motor, remote switch, and heavy cables to hook up to your battery or hydraulic orbit motor. The low profile 30" diameter lid ensures easy filling every time.

With the optional trailer kit you can tow the **EZE-FEEDER** behind your ATV, small tractor, or pick-up. The kit comes with 3,500 lb. axles, 15" wheels, 1 7/8" ball hitch and jack for easy hook-up.

**Category II 3PTH Model**

Low profile & lever action 30" lid makes access a breeze.

**Optional Trailer Kit**

This unit busy at work on Lindsay & Nancy Holman's Farm at Crystal City, MB (pulled with an ATV - great for maneuvering in feed yard and along feeders.)

*... other options:*

- 6000 lb. Scale with LCD Digital readout
- 8" Vertical Mixing Auger with orbit motor
